

TECHNICAL SPECIFICATIONS 2011

PROGRAMMES

PROGRAMMES MUST BE DELIVERED DIGITALLY TO DK4'S SERVER.

SERVER LOGIN

For FTP server login or if you experience problems when logging in or uploading, then contact dk4 Continuity at rjb@dk4.dk

Always use FTP-client, like FileZilla, to avoid upload problems. Local characters like æ,ø,å,ö in filenames IS NOT ALLOWED IN FTP PROTOCOL.

FILE NAMES

File names is written like [Main titel] - [Sub titel] - [No. of Episode]_[If given: dk4 production no.].mov
Ex: Kirken i farver - Hvad er en praediken - 261_10-9-06-23.mov

VIDEO FORMATS

ALL PROGRAMMES MUST BE UPLOADED IN BEST POSSIBLE QUALITY. We prefer High Definition.

SD-format: Quicktime MPEG IMX min. 40 MB/s, 16:9 anamorphic - Aspect ratio 720 x 576

HD-format: Quicktime XDCAM HD i50 - Aspect ratio 1440 x 1080

Quicktime XDCAM HD422 - Aspect ratio 1920 x 1080

Quicktime XDCAM EX 1080p25 or 1080i50

Quicktime HDV 720p

Sound: Digital test: -18 dbFC, absolute peak : -12db, 48kHz

White levels: No more than 100percent or 100IRE (Superwhite are not broadcast legal)

Please state exact duration of the programme.

DEADLINE

Files must arrive no later than **tree work days before** the first scheduled spot.

All uploaded files will be handled by dk4 Continuity rjb@dk4.dk. In case the files mismatch the video/sound format specifications, the files will be rejected and thus not be used for broadcast.
